WINDOWS & DOORS

WINDOWS & DOORS

- We are the official distributor of PVC and aluminum windows and doors and the installer.
- 35 modern window and door systems in our offer allow us to meet the expectations of all customers.
- Next to standard solutions, we also offer renovation windows popular in Italy, as well as Scandinavian and Dutch windows as well as patio doors, we offer you several types of structures:
 - ❑ lift-and-slide (HST)
 - ❑ tilt-and-slide (PSK)
 - ❑ sliding and
 - ❑ folding patio doors.

As well as elongated sliding windows often used in kitchens and dining rooms, and winter gardens, being not only a nice visual but also energy saving solution.

COOPERATION FROM CONTACT TO EXECUTION

1

CONTACT

Contact us now and see what we can offer you. You already have an offer from another company, based on this we will try to prepare a better offer for you.

2

MEASUREMENT

We will perform professional measurements at your home. We will advise and discuss your project together. We will present our projects in 3D

3

PRICE OFFER

Based on the information collected, we will make calculations for your project. We will send you a ready-made offer taking into account your comments and wishes.

4

PRODUCTION

Your detailed order goes to the production department. Now all you have to do is wait a moment until your order is produced and loaded for transport.

5

INSTALLATION

As soon as your order is ready, we will inform you about the installation date. We will then deliver and professionally install your order.
